MAIL STOP APPEAL BRIEF - PATENTS  
Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

**RESPONSE TO NOTIFICATION OF NON-COMPLIANT APPEAL BRIEF**

Sir:

This is in response to the notification of non-compliant appeal brief dated June 8, 2007 and the undersigned's phone conversation with Patent Appeals Center Specialist Bridget C. Monroe on June 11, 2007.

Reconsideration is requested of the conclusion that the brief does not contain a concise explanation of the subject matter defined in each of the independent claims involved in the appeal. As discussed with Specialist Monroe the section of the brief captioned "Summary of the Claimed Subject Matter" extending from the bottom of page 1 through page 3 provides the required concise explanation. Each of claims 1, 18 and 33 is summarized in narrative form with reference to the immediately preceding text and drawings that also refer to the specification by page and line number and with reference characters. This will confirm the phone discussion with Specialist Monroe in which it was acknowledged that the claim summary requirements of the rule has been satisfied. Additionally, this will confirm that where none of the claims includes a

means-plus-function or step-plus-function recitation, there is no need for a recitation of the corresponding structure, material or acts described in the specification.

Reconsideration also is requested as to the conclusion that the brief did not contain copies of the evidence submitted. Although the evidence was in fact submitted as Exhibits A and B to the brief, appellant is submitting herewith a replacement evidence appendix (pages C-1 – C-3) that includes a statement setting forth where in the record the evidence was presented. Also enclosed are replacement pages “i” and A-1.

Finally, reconsideration is requested of the conclusion that the brief failed to contain copies of decisions identified in the section on Related Appeals and Interferences. As indicated in the brief, there were none. Appellant is also submitting herewith a fresh Table of Contents.

It is believed that the brief is in compliance with the rules.

Respectfully submitted,

Arthur Z. Bookstein
